

## Consultation Report

### Consultation Subject:

The MoI invites the honorable public to share opinions about traffic safety awareness for motorcycle users.

### The objective of consultation:

Through this advice, the MoI aims to monitor all opinions and proposals on enhancing traffic awareness in this category, through the need to adhere to and follow the necessary instructions and guidelines for traffic safety on the roads to ensure safety and security for its users.

### Expected decisions as a result of consultation:

Launching awareness messages and campaigns targeting motorcycle users, to ensure their safety on the roads, and urging them to adhere to traffic laws and instructions, and to respect the road and its users.

**Summary of comments:**

1. Elevating education and awareness among motorbike users and motorists via social media platforms.
2. Compiling letters of appreciation acknowledging the Ministry's dedicated efforts.
3. Banning motorbikes.
4. Emphasizing safety precautions as a primary focus.
5. Implementing increased fines for non-compliance by motorbike owners, accompanied by black points.
6. Introducing a dedicated traffic education subject to enhance road safety awareness.
7. Collecting observations on bothersome car sounds.
8. Mandating training courses for motorbike owners to enhance their knowledge of road safety.
9. Gathering insights on the risks and causes of motorbike accidents.
10. Compiling general advice for motorbike users and their families to promote safe practices.

### **Result:**

After thorough examination and analysis of public opinions and suggestions, the Ministry has undertaken the launch of a traffic campaign titled "Safe Riding for Bicycle Users." The primary objective is to bolster traffic awareness among bicycle users, underscoring the imperative of adhering to instructions and following traffic safety guidelines to safeguard lives and property .

This initiative aligns with the Ministry's ongoing commitment to cultivating awareness and a responsible traffic culture among motorbike, electric, and bicycle riders, with the ultimate goal of minimizing wrongful behaviors, ensuring road users' rights, and fostering the highest safety standards.
