1. Worst experience with MOHAP website and call center I did my pre-medical examination got the message result can be downloaded from website. When you log in its show's application under review one of the worst service provided by MOHAP. After one month a
2. I was living in Abu Dhabi for 14 years my husband was working in etihad Airways as captain A380 we go back to tunis in January and im still connected with UAE I love this country ☺ hope to go back .here in tunis I'm regitred and still not vaccinated allah
3. ممكن ما تطلع منه بفايده غير متجدد كله حالات واصابات شو تبون وبعد وضيو فكم دكاتره ومانسمع راي الجمهور فيع
4. Very Good many thx
5. I love the fact that you keep us all updated on a daily basis. This is great innovation and flexibility for the UAE government and health department in particular
6. Primitive does not work well on computers or mobile and has issues with uaepass
7. Good
8. I really appreciate this website.
9. The updates are not in an easy to locate simple way to understand nobody knows where to check
10. real person to chat and solution to problems by their knowledge many times we dont get solution
11. Improve it
12. there are no support system for any question.
13. Include more about mental. Health also

14. I
  15. It's so accurate and helpful to access
  16. excellent
  17. Thank you
  18. No
  19. Please done something to open uae india flights
  20. Good
  21. You can add more resources about Covid internationally, Thank you
  22. We need to know please when the corona vaccine will be available for visitors?
  23. Very helpful daily updates
  24. Need information about vaccination for visit visa holders
  25. it is good
  26. Suggest to update and simplify the assessment for healthcare professionals, making clear pathways for upgrade of evaluation (for example a GP doctor completes MRCGP[INT] and 3years passed, does the doctor need to take the MOHAP assessment exam again or he
  27. it's difficult to connect to a call center agent. having a lot of advertisement. not happy with the service
  28. worst experience and no coordination at all
