Total responses : 2

Total skipped :

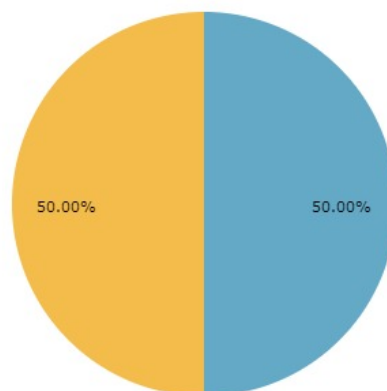

1. Very important.
2. It's extremely important , to have productive staffs they need to have the right environment.

---

Q2 Are you keen to participate in such initiatives aimed at establishing healthy habits?

Total responses : 2

Total skipped :

■ Yes 1 ■ No 1

Q3 What are your suggestions for developing the initiative in order to achieve its objectives in promoting health awareness?

Total responses : 2

Total skipped :

1. Cafeterias/distributors in health facilities should have healthy options (not chips and sodas). I would like to use a standing/walking desk, instead of spending so many hours sitting. Or at least a big gym ball to sit with a better posture and balance. Th
  2. Measuring the staffs happiness of the environment after the start of the initiative . Round table discussions of how we can have more improvements.
